FOR IMMEDIATE RELEASE

Irving ISD to Offer Free Breakfast and Lunch for All Students

Irving Independent School District is excited to announce that starting with the upcoming 2023-2024 school year, both breakfast and lunch will be free for **ALL** Irving ISD students, regardless of their ability to pay and without the need for a meal application.

Previously, school meals were provided at no cost for students in PreK through 8th grade and high school students who qualified through a household meal benefits application.

This new initiative now includes all high schools and will encourage students to take advantage of healthy meal options at no cost and allow our Irving ISD families to save money.

“At Irving ISD, we LOVE our students and want to make sure we empower them today to excel tomorrow,” says Olga Rosenberger, Executive Director of Student Nutrition.
